The 2016-2017 QNL Board has many plans for the coming season. In this document, we'll list (and explain) our main ones.

Organisational
- Create templates for recurring documents, such as the Annual Report and Financial Report.
- Create Tournament Guides to help Organising Committees have a better idea of what should be done, plus tips for when and how things should be done
- Create a template for Tournament Feedback Forms, so we can get them out sooner after a tournament, and more easily compare between tournaments

Constitution and Policies
- Finalize a Constitution and get it voted in at a General Assembly, and put it online where people can easily find it
- Get the Constitution ratified by a notary
- Create Policies for those issues not covered in the Constitution, and put them online where people can easily find them

Membership
- Grow to at least 60 individual members by the end of the season
- Grow to four Competitive Teams and a total of eight official teams by the end of the season
- Get a fully certified ref team (incl. snitch) from each Competitive Team
- Get at least one certified referee from each Developing Team

Tournaments
- Organise a smooth-running national championship: Dutch Quidditch Cup (DQC)
- Run a successful league (twice), with a minimal amount of cancelled matches: Dutch Quidditch League (DQL)
- Organise a cross-border tournament together with the Belgian Quidditch Federation (BQF), and potentially Luxembourgh if they start up soon enough this season.
- Organise at least one Open Tournament, most likely Open Dutch Summer Cup
- Attend the European Quidditch Cup (EQC) with at least one team
- Attend the European Games (EG) with a full 21-player roster, including at least one non-playing staff member

Workshops and Resources
- Organise some form of Ref Workshop(s)
- Create more Coach Resources, combined with using the new Facebook group for coaches
- Grow the Snitch Workshops, with more attendees
